I don't think this page is necessary, especially the business registration certificates.

Firstly, the copy throughout the website says 'we', however these certificates make the business look like there is only one person 'Fiona Klerck'. My recommendation is to just list the qualifications on the About Us page.

Accounts Payable

Accounts Payable

Build positive relationships with your financial suppliers and product providers with a secure and complete Accounts Payable System by Get It Right Bookkeeping. Knowing what payments are owed, to whom and when they are due is critical to effective cash flow management and the ultimate profitability of your business.

Knowing where your funds allocation will prevent unexpected financial loss and shortage of funds. You will also have a clear perspective of your finances which allow for a clear projection of the future of your business.

Get It Right can help you conduct simple, regular and accurate data entry of your accounts payable so as to effectively manage your outstanding debts and finances.
